Note: The borders of the presentation are characters specified by the UTF-8 Code standard and do not constitute as images but as characters. Similar to hiragana and katakana characters.

The background features several stylized, brown, winding vines with green, oval-shaped leaves. The vines are positioned on the left and right sides of the frame, extending from the top and bottom edges. The leaves are arranged in clusters along the vines. The overall background is a solid, light green color. A dark grey vertical bar is visible on the far right edge of the image.

Thank you!
